

## THE GOOD OLE SUMMER TIME

Summer Time is here again, Oh Boy!  
The young and old together enjoy.  
Our vacation time is coming up,  
we all know what to do.  
Ours will be boat riding,  
and some fishing too.  
We drive through the country,  
and gaze the whole day through.  
Each day there is something different,  
as we go passing through.  
The cattle in the pasture,  
from the distant you can see,  
are grazing along contentedly,  
and "at home" as they can be.  
When we travel through Wisconsin,  
the crops are looking fine.  
I have never seen them nicer,  
in the "Good Ole Summer Time".
