Commissioner of Pensions
Dear Sir

In the case of Wm Buckley No 150,877
dependant father - You require proof
of the death of the Mother of the Soldier
of her marriage to claimant - and
Medical testimony as to duration of
Disability &c

Now the facts are just these
William Buckley & his wife and Mother
of the deceased soldier are both living in
this County - They are both quite old
and decrepid - Not able to perform
Manual labor to any extent. They have
no lands and but very little personal
property - a cow pony & a few household
goods amounting in all to \$300.00^{cts}

3
The deceased son was their only
son; and sent all the money he got
to them - worked and maintained them
to his death - and when he died the
applicant drew his Bounty & arrearages
of pay - He has some unmarried daugh-
ters who labor in the field and other
wise to obtain a scanty support
for themselves father & Mother -

The deceased was never married

Mr Buckley is simply worn out and
overcome with hard usage or old age
So is his wife -

Now the question is will you
grant them a pension on either of them
on proof of these facts -

There are some other cases filed
by me depending on the same facts
And if they are not entitled of course
it is no use to make the proof

Three of my cases on file is made
by the father and the mother still
living but all old & poverty stricken

If this proof will do please send
me four blank sent to their cases

Respectfully

know of our own personal knowledge
that the said James W Buckley while
in said service sent money to his said
parents at various times. We know as
many as three times but the amounts we
cannot state, but all his wages as we
believe. We also know that previous to
the enlistment he worked for and mainly
supported his parents. We think his work
worth One hundred and fifty dollars
per annum, all of which went to the

old folks and his support - The said James
W. Buckley was their only son - We are
well acquainted the property of the said
Wm Buckley and his ^{own} household and kitchen
furniture and the girls, to the amount of
fifty dollars, and he has three cows, two
horses and two sters of the value of
One hundred and fifty dollars - His land
has been sold for taxes. He owned Eighty
acres in the hills twelve acres cleared,
of the value of One hundred dollars, if
redeemed - He has four daughters
living with him and the above is all
that they all have. The old folks are
old and decrepid and have been
for five years or more and the above
is the most property they have had since
their sons death, for they got his bounty
which greatly assisted them, and we
further swear that we have no interest in

that I have carefully examined William

from the following causes to wit first
from fractured and displaced ribs which
press on the spleen & bowels and also from
a rupture of the walls of the abdomen

for 8 or 10 years or more and that
his present disability from supporting
